

Queens Museum Spring 2019

Kids Activity Guide

Here's a map of the Museum.
Can you find these 9 things?

A book from the Eaton Collection of Science Fiction
Pick a favorite one!

Manhattan on the Watershed Model
This 3D map shows how clean water gets to New York City.

A dragonfly in The Neustadt Collection of Tiffany Glass
Bonus! What does iridescence mean?

El Taco
by Faivovich & Goldberg
What is El Taco?

A Mende mask in Alexandria Smith's Monuments to an Effigy.
What do you see in the window?

Amor Alien
by Laura Molina
A green woman takes a nap in outer space.

A dinosaur in the World's Fair Visible Storage
This exhibit has hundreds of objects from 1938-40 and 1964-65 World's Fairs. Find a dinosaur!

A bridge in the The Panorama of the City of New York
Can you find the Queens Museum on the model?
It's near two big gray lakes.

Relative Fields in a Garden
by Heidi Howard and Liz Phillips
Listen. Can you hear rain, the 7 train, and a flowing river?

In the exhibit *Mundos Alternos*, you can see dome-shaped homes that float in space by artist Gyula Kosice.

What shape would *your* home be in the future?
Where would you put it? Draw in the space below.

Can you find these things in the World's Fair exhibition?
